2.From the Collector of South Kanara 8946/54 R2 dt.25.4.1954.

Submitted to the Government.

2/- The Board submits that the balance of Rs.16,762.1.1 cannot be recouped now to the South Kanara Central Cooperative wholesale stores by increasing the release price as these prices should be uniform throughout the State. The Board considers that having conceded that the stores should not be made to bear the huge loss, though it was primarily responsible for the same, it does not seem reasonable to say now that the stores should bear a portion of the loss. The Board therefore requests that sanction may be accorded to the payment of a sum of Rs.16,762.1.1(Rupees sixteen thousand,seven hundred and sixty two, anna one and pie one) to the South Kanara Central Cooperative wholesale stores as subsidy being the balance amount of transport charges due to it. The expenditure is debitable to the head "85-A etc. B.Rice i)cost of purchases ii) extra transport charges and losses."

3. Incidentally the Board submits that the question of recouping the loss by increasing the price of ~~cons~~ coorg rice proposed to be imported by the South Kanara Central Cooperative wholesale stores Ltd. could not be given effect to since the stores expressed its unwillingness to import 2000 tons of rice from Coorg.

2. In December 1952, the Board of Rev. (C.S.) brought to the notice of the Govt. that the arrears of transport charges due to the S.K.C.C.W.Stores, Mangalore, as wholesalers for transporting paddy and rice from the surplus to the deficit areas and vice versa in the South Kanara district had accrued to the tune of Rs.83,797-1-8 and suggested that the Stores might be permitted to recoupe the amount by increasing the release price of rice by 12 annas per maund spread over a period of 2 months. It however, observed that at the same time that the Stores were not quite business-like in their transactions and pointed out that, if the Stores had promptly sent the quarterly statements prescribed for the adjustment of excess or under recoveries in the following quarter, the short recoveries would have been automatically got recovered in the next quarter and the arrears to the tune of Rs.83,797-1-8 would not have thus accrued. The Govt. did not initially accept the Board's suggestion but subsequently when the President of the Stores represented that it would mean the liquidation of the stores the Govt. reconsidered the matter and allowed the Stores to meet the loss by diverting a quantity of 4000 tons of M.P. rice to South Kanara and allowing it to charge 0-8-0 more per maund on this quantity. By this a sum of ~~Rs.54,000/-~~ Rs.66,815-2-5 was recouped. Another sum of Rs.219-14-2 was recouped by selling locally procured

rice, leaving a balance of Rs.16,762-1-1 to be recouped.

3. The Board has now reported that a balance of Rs.16,762-1-1 cannot be recouped to the Stores by increasing the release price, as the system of pool prices, which are uniform throughout the State, has come into force. For the reasons stated in para 2 of its reference at page 1 c.f., the Board has recommended that sanction may be accorded for the payment of Rs.16,762-1-1 to the Stores as subsidy. For orders whether the Board's recommendation will be accepted. Subject to orders, a draft order is submitted below for approval.

4. I.L.C. and Finance may see for acceptance.
